## ICY BOX **IB-DK1104-C** USB Type-C® 4-in-1 video adapter

### New or old

The IB-DK1104-C is designed to be connected to a computer (such as a notebook, etc.) with USB Type-C® interface and DisplayPort™ Alt Mode support. An HDMI®, DisplayPort™, DVI-D or VGA device can be connected and the adapter supports monitor resolutions of up to 3840x2160@60 Hz.

### This is great cinema

Watch streamed videos with your notebook on a large TV screen or projector. Connected to an HDMI® or DisplayPort™ display device, the adapter can transmit both the video and the audio signal, no additional audio cable is required.

### Work more efficiently

You can use the IB-DK1104-C to extend the display of your notebook to increase the available workspace or to mirror the content to do your work comfortably on a larger screen.
